The new friends Shnooga and Mini Potato went for a picnic. Suddenly it started raining, so they went to go get some food from the fridge. Shnooga got a picnic blanket, so they got ready and ate for a while.

BRING BRING went the doorbell. Mini Potato went to check it while Shnooga stayed there. She was quiet for a while, so Shnooga went to check on Mini Potato.

Shnooga heard a car screech out of their street, he raced to the front doo and Mini Potato looked dead. MINI POTATO WAS MURDERED... WHAAAAT!

But little did Shnooga know, it was all a prank. "BOO!" yelled Mini Potato. "You pranked me!" said Shnooga "I was soooo worried about you."

Mini Potato apologised to Shnooga by cooking him his favourite food – chicken nuggets. But Mini Potato was no chef. Shnooga could smell smoke coming from the kitchen and flames coming out of the oven. Shnooga raced inside and extinguished the fire. He saved the day.
